**ESTD : 1935**

## **POLICY DOCUMENT ON DIVYANGJAN FRIENDLY ENVIRONMENT**

*Gurucharan College fosters and nurtures an inclusive environment in which students with disability get all the available disabled-friendly infrastructure and opportunity for their overall academic and co-scholastic development. The Institution, its teaching and non-teaching fraternity extends emotional support to the physically disabled students so that they can cope up with the challenges and get rid of inferiority complexes. In all academic exercises and co-curricular activities, this group of students overwhelmingly participate with their fellow students without any bias and discrimination. All sections and units of the college administration are well aware of the requirements of disabled students and as a matter of priority, they receive preferential treatment. These students are also made aware of the facilities provided by the Institution for their ease of academic pursuit. For instance, during the examination period a skilled scribe is appointed for helping the visually impaired students. The mechanical tools and equipment like walking sticks and wheelchairs are sufficiently procured by the Institution to deliver the needs of the challenged students. The library staff give easy access to the disabled-friendly softwares such as Braille software installed in the computers and help them to handle the applications. The college ensures*

*the arrangement of classes in all those rooms that are easily accessible by ramp and tactile path. The college website as well as the notice board regularly display all information necessary to avail the benefits of the scholarships and other grants announced by the Central and State Governments from time to time. During the admission process, students with disabilities get all constitutional reservation and quota. The Career Guidance Cell of the Institution provides easy access to all information regarding various schemes of the Government and NGOs for career development and self-employment of the disabled students. Any sort of physical assault or mental harassment committed against students with disabilities are immediately addressed by the Grievance Redressal Cell of the college and takes appropriate measures to deal with such nuisance. In essence, the policy of the Institution towards the disabled is to make their college life a period of pride, self-respect and stupendous growth.*
